Alliance Lane Clayton Campus

22nd January 2021

Dear Ass. Prof. Watson,

**Re: Construction Logistics and Community Safety - Australia
(CLOCS-A) Memorandum of Understanding
Confirmation as a Supporting Partner**

I am delighted to confirm that BINGO Industries Limited (**BINGO**) is proud to apply to join the CLOCS-A Memorandum of Understanding (**MoU**) [Finalised Version 1 December 2020](#) as a Supporting Partner (**SP**).

The MoU records the agreement between the Steering Group (**SG**) Partners and SPs to form a relationship to work together in improving road safety and the operational efficiency relating to the logistics of the construction of infrastructure projects. The MoU will specifically act as a catalyst for CLOCS-A Partners to champion and guide the establishment of CLOCS-A.

1 About BINGO Industries

BINGO is proud to be a market leader in the building & demolition and commercial waste management industry. Our corporate vision is *pushing for a waste free Australia*, we are committed to building a strong, sustainable recycling industry in Australia and we are proud to be playing a key role in Australia's transition to a circular economy. BINGO operates across NSW and VIC, employing over 1,000 employees and has a fleet of vehicles in excess of 300 trucks.

BINGO is focussed on rigorous safety measures and is committed to championing community safety. Our approach to Zero Harm incorporates a strategy of robust governance supported by Board oversight, a strong policy framework led by executive leadership and an engagement and risk management program empowering our GOgetters to maintain safe practices. This focus and commitment is reflected in the company's policies and practices and is governed by BINGO's Zero Harm Committee.

2 Areas of interest

BINGO is particularly interested in contributing within the following areas of interest, as identified in the MoU:

- **Government:** *BINGO takes a leading role in developing and supporting best practice in the waste management industry including working with governments and councils to develop and implement initiatives, standards, codes of practice and legislation. BINGO is committed to support conversations between industry and government to promote community safety initiatives.*
- **Industry:** *BINGO actively engages with industry associations, competitors and industry opinion leaders. In respect to key strategic priorities and material issues which include zero harm, sustainability, growth and innovation.*

- **Community:** *BINGO is an active member in the communities in which we operate and our relationship with our community stakeholders is one of our key priorities. Protecting the safety of our community is paramount.*
- **Logistics:** *With a fleet of over 300 vehicles across NSW and VIC we are continuously reviewing our processes and operations to ensure we are operating to the highest standards. BINGO deploys technology to optimise SEQ outcomes and logistics controls.*
- **Heavy vehicle operator:** *as a leading player in the waste management industry, we operate a fleet of heavy vehicles which include waste collections trucks and mobile post-collections equipment. As a heavy vehicle operator we have a Chain of Responsibility to ensure we are reviewing our operations and impacts on the community.*
- **Vulnerable road user:** *We are passionate about reducing the risks to vulnerable road users of sharing the roads with heavy construction vehicles*
- **Infrastructure projects:** *BINGO services a number of significant Government infrastructure projects across NSW and VIC. We are committed to upholding the highest standards of sustainability and the achievement of key targets.*

3 BINGO's commitment to CLOCS-A

As a SP of CLOCS-A we commit to support and champion the organisation in the following ways:

- **Feedback on content:** BINGO will review, consider and provide input on documents, ideas and content provided to it by the SG.
- **Forums:** BINGO commits to attending and participating in CLOCS-A forums, meetings and technical groups. BINGO may join applicable working groups formed as part of the CLOCS-A development process.
- **Collaboration:** BINGO will collaborate and co-operate with the SG and other SP in the implementation of CLOCS-A including through information and learning sharing, workshopping and championing the organisation within the industry.
- **Implementation:** BINGO intends to implement CLOCS-A into applicable commercial contracts once finalised.

In line with the MoU, BINGO enters into it in good faith and will actively support and participate in CLOCS-A activities. We nominate Jim Sarkis, whose contact details are set out below, as our representative and contact person in relation to our role as a SP.

Yours sincerely

Jim Sarkis
